jasmin.decore is the best in Central Texas!! Her vision comes to life with beautiful colors and accessories to tie the spaces together. She has decorated my deck with summer and fall theme. She transformed my backyard into an Oasis it's so inviting and welcoming, a "true resort vibe". She has also decorated my office with beautiful colors, and we get nothing but good accolades for our working space. Jasmin has also made gift baskets that I give to my clients at every closing. I can continue but why not let her show you how she can transform your space.

I cannot recommend Jasmin enough. She did a fantastic job designing and decorating both my dining and living rooms. Her attention to detail is amazing as she manages to take care of the smallest details in order to bring out the best quality of work. From the initial interview to the planning and designing phases and bringing the project to life, Jasmin maintained open channels of communication to fully capture what I envisioned for my home and was always perceptive of what my likes and dislikes were for the design. All of the project timelines were met on time, and she worked absolutely well with my budget. She was truly a joy to work with and I will use Jasmin for every design issue going forward. I would highly recommend her to anyone wanting to decorate or redesign a room. She is truly the BEST.

Working with Jasmin was such an amazing experience. She made the process very easy and uncomplicated. Her attention to details were spot on and every question or concern was answered in a timely manner. One room down and now the rest of the house to go. Definitely recommend her and look forward to her next design."
